

Descaler for periodical use

Description

Suma Scale D5.2 is an acidic cleaner for the removal of limescale from kitchen equipment, utensils and dishwashing machines.

Key properties

Suma Scale D5.2 is a strong phosphoric acid based descaler, safe on stainless steel and chrome.

Low foaming so ideal for descaling dishwashing and laundry machines as well as common kitchen appliances such as bain maries, boilers, steamers, tea and coffee urns, etc.

Benefits

- Highly concentrated formulation gives economy in use
- Effective removal of limescale helps to protect and improve hygiene security
- Brightens dull metal surfaces by removing oxide film

Use Instructions

Spray Cleaning:

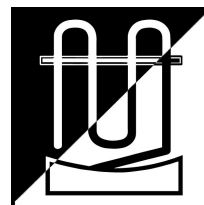

1. Minimum recommended dosage of 100mls per 600mls of water in a trigger bottle*
2. Spray surface or equipment with solution
3. Leave for 5 -10 minutes and then brush
4. Rinse thoroughly with clean water and allow to air dry

Soaking:

1. Minimum recommended dosing of 100mls per litre of water*
2. Fill the item or soak in solution until the scale dissolves
3. Scrub if required to remove heavy deposits
4. Rinse thoroughly with clean water and allow to air dry

Dishwashing machines:

1. Switch of detergent and rinse aid dosing system
2. Empty the dishwasher and fill with fresh water
3. Add Suma Scale D5.2 at a dose of 100ml per litre to the water*
4. Circulate solution for 10-15 minutes
5. Drain and inspect. Repeat if required
6. Fill dishwasher with fresh water and circulate to rinse
7. Drain dishwasher and allow to dry by leaving doors open
8. Switch on detergent and rinse aid dosing system

D5.2

Technical data

Appearance:	Clear colorless liquid
Odour:	Product specific
pH value (neat):	< 2
pH value (in use):	~ 1
Relative density (g/cm ³ ; 20°C):	≈ 1.11

The above data is typical of normal production and should not be taken as a specification.

Safe handling and storage information

Full guidance on the handling and disposal of this product is provided in a separate Safety Data Sheet; sds.diversey.com. Store in original closed containers away from extremes of temperature. Only for professional users / specialists.

Product compatibility

Under recommended conditions of use, Suma Scale D5.2 is suitable for use on most materials commonly encountered in kitchens, but copper, brass and aluminium should be treated with care (short contact times) and the product should not be used for plastic kettles.
