

TASKI® Jontec Tensol

F3c

Floor cleaner/maintainer

Description

Floor cleaner/maintainer, without film build up. Ideal for cleaning and maintenance of protected and unprotected water resistant hard floors. Creates a slip-resistant and dirt repellent floor.

Key properties

- Contains a glide additive
- Fresh fragrance
- Non build up cleaner/maintainer
- Fast acting, low foaming
- Versatile application
- Well-balanced formulation based on water-soluble maintenance ingredients
- Unique, patented Odour Neutralizing Technology (O.N.T.)

Benefits

- Cleans and maintains without film build-up, creating a slip resistant and dirt repellent surface
- Ideal for scrubber driers: low foaming for fast solution pick-up and optimal recovery tank use
- Glide additive facilitates wet mopping
- Also suitable for damp mopping (dust removal) and for spray cleaning with single disc machines
- The O.N.T. technology destroys malodour molecules and therefore enhances the fresh fragrance.
- Ideal for the new generation of floorings (PU Floors/pre-treated floors) as initial treatment

Use Instructions

Wet/damp mopping cleaning:

1. Dose product into a spray bottle/bucket filled with water.
2. Apply solution with cloth/sponge or mop and wipe.
3. Rinse or replace the cloth regularly.

Machine Method:

1. Dose the product into full water tank of the machine.
2. Apply the solution.
3. Remove the soiled solution.

Initial treatment:

1. Dose product into a full bucket of water.
2. Apply the solution with a clean mop and allow to dry.
3. Buff for extra shine.

For a single disc machine, equipped with spray device and red pad:

1. Dose the product into the spray device and spray clean the floor.
2. Buff for extra shine (TASKI® IntelliPad is the perfect pad).

Dosage*

- Minimum dosage: 50ml for 10l solution (0.5% / 1:200)
- Scrubber drier: Use 100-200ml for 10l solution (1-2%)
- Spray cleaning with single disc machine: 100ml for 500ml solution (20%)
- Initial treatment: 2.5l for 10l solution (25%). Increase dosage up to 50% for porous floors
- Damp mopping (dust removal/spray bottle): 25ml for 500ml solution (5%)

Proper dosage and temperature save costs and minimize environmental impacts.

**This dosage is according to optimal conditions, recommendations may vary, please consult with your Diversey representative for directions.*

Technical data

Appearance:	Clear colorless liquid
Odour:	Herbal
pH value (neat):	~ 8
pH value (in use):	~ 8
Relative density (g/cm ³ ; 20°C):	≈ 1.00

The above data is typical of normal production and should not be taken as a specification.

Safe handling and storage information

Full guidance on the handling and disposal of this product is provided in a separate Safety Data Sheet; sds.diversey.com. Store in original closed containers away from extremes of temperature. Only for professional users / specialists.

Product compatibility

Do not use on water-sensitive floors, e.g. unsealed wood.

Environmental information

The surfactants used in this product are biodegradable in compliance with the requirement of EU Detergent Regulation, EC 648/2004.

Approvals

Sport floor approval: DIN V 18032-2:2001-04 certificate nr. 901 5131 000 - 4L, date of issue: 06.09.2009.

Available pack sizes

TASKI Tensol is available in 6x1L, 2x5L, 10L and 200L.
