BROCCATO

RODENTICIDE BAIT
READY TO USE
IN THE FORM OF FLAKES

Broccum Fioccatto is a ready-to-use rodenticide bait formulated in flake form with Brodifacoum and a fruit aroma.

The product is effective against house mouse (*Mus musculus*), Norway rat (*Rattus norvegicus*), and roof rat (*Rattus rattus*), even after a single ingestion.

Broccum Fioccatto is appealing to target rodents and does not raise alert or suspicion among other members of the rodent population.

Broccum Fioccatto can be used inside and around industrial buildings (including warehouses, depots, and ship holds), rural areas, residential buildings, cellars, garages, storage rooms, gardens, and outdoor areas within its jurisdiction.
